

Access Tent Testimonials

"It was a pleasure working with Access Tent for our wedding. They provided us with everything we needed, even on short notice, and always responded quickly to our questions and concerns."

- Rebecca, Arlington"

"We had a really challenging site for an outdoor dance floor - uneven cement driveway! Rob was very open to our situation and transformed what we feared was an impossible situation into a great, great party!! Thank you so much!"

Best and good luck, Anastasia

"We were really pleased to go with Access Tent for our function. Not only was the delivery, set-up, and take down all well managed, but having a tent really was a great addition to the party. Though we had a lovely fall day, we found the tent allowed us to really define the space of our party in a way that was inviting and festive...just what we were hoping for!"

Regards, Darla

"Thank you for helping to create the wedding of my daughter's dreams."

Nancy

"We were very pleased with both your tents and your service. We were impressed with how wonderfully we were able to accommodate such a big group in our front yard. Your team was professional, personal, and prompt. Our party went off without a hitch and we were so happy to have the tents protect against what turned out to be a very sunny and hot day. We would be happy to recommend you to our friends!"

Thank you, Benita and Bernie

"Everything was great. We had a challenging set up with the tent location up a hill from the driveway. Your installation guys were terrific, did not complain at all about the extra work, and the whole setup looked great. We especially enjoyed the lighting which added the perfect touch. Everything looked so great nobody wanted to leave. "

Jim B.

"We have used Access Tent for 2 party events. Their team was professional, efficient and accommodating to our needs. We have recommended them to our friends and will use them again."

Len & Cyndi, Belmont

"Rob, our daughter's engagement party was an outstanding and fun event and we thank you, your son, and other team members for ensuring our guests would be comfortable--rain or shine- and that our food buffet dry! The tent, tables and chairs were perfect; the lights added just the right amount of ambiance and our guests didn't want to leave because the heater provided a cozy environment once the sun went down at night. We appreciate your professionalism, communications, and punctual set-up and tear-down. Several guests asked about the tent and we were thrilled to be references!"

Thank you again, Shelley and Ed
